

GODDARD STILL COMING

Defeated Spotted Jacket Team
Yesterday, 7 to 1.

CAPTAIN HEATH IN BOX

He Pitched a Good Game, as Did Also
Golds Douglas of the Defeated
Team—Berry Made a Home
Run.

The Goddard seminary base ball team won its third victory of the season yesterday by defeating the newly formed local team called the Spotted Jacket by a score of seven to one. Although not a scheduled game, the contest was more interesting than the score would indicate and the Jackets kept the seminary team busy most of the time.

Captain Heath of the Goddard team pitched for his team and made an excellent showing, giving three bases on balls and striking out four men, being hit for four singles and a double. Heide, who pitched behind the bat for Goddard, promises to be one of the best catchers that ever caught for the team.

Golds Douglas was in the box for the Jackets and surprised his acquaintances by slugging them over with all kinds of speed for nine innings and that with very little previous practice. Douglas struck out two men, passed three and was touched for six singles and a home run, which Berry made in the first inning. Thayer was behind the bat for the Jackets and his playing shows that he is capable of playing at either end of a battery with credit to himself.

Goddard made the first run in the first inning, when Berry put the leather over the hill for a home, added two in the second and did not score again until the sixth when one was added, and the other three came in the seventh on a combination of hits and errors.

The Jackets made their run in the eighth, when Knapp went to first on a throw to second, stole second, went to third on a passed ball and scored when Murphy drove a grounder between the short stop's legs.

The score Goddard.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to develop, the kidney-poisonous blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmor's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it both sent free by mail. Address, Dr. Kilmor & Co., Birmingham, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmor's Swamp-Root, and the address, Birmingham, N. Y., on every bottle.

BOY'S STRANGE DEATH.

Struck His Elbow While Dancing and
Later Expired.

Plainfield, N. J., April 24.—Abram Gaston, the 15-year-old son of Dr. and Mrs. William E. Gaston, died yesterday morning from the effects of striking his elbow on a pillar while dancing on Monday night. The lad went into convulsions from the effects of the pain and hardly regained consciousness. Just before his death he recognized his mother, however.

He was dancing on a crowded floor and in order to avoid colliding with others made a sharp turn, and he so doing struck the "funny bone" of his elbow. The accident occurred during the ninth dance, and the lad suffered intensely while he was being taken home in his father's carriage.

Yale Gaston was a student at the Plainfield High School. The school will attend the funeral in a body.

Former Poor Miner Gives Away \$2,000,000.

Galveston, Tex., April 24.—A dispatch from Parral, Mexico, says that Pedro Alvarado, who was transformed from a poor miner within the last 10 years through the fabulous richness of the Parral mine, has just completed the distribution of nearly \$2,000,000 in charity among the needy of his own country.

For several years it has been his habit to give away large sums of money on Christmas, Easter and other festivals to the deserving poor, but heretofore he has carefully guarded against any publicity of the amount dispensed on these occasions.

Sir Abbott by Abbott Wilkes, 2111, dam Susan, 2184, by Electioneer. Also Wilkesdale by Oudale, by Onward, dam Fannie Black, 2127, by Electioneer. The above are two good colts, and good actors. We do not think that there are two better colts in the state. Stand for service at the Smith Stock Farm, South Barre, Vt., in charge of Chas. H. Gordon.

Wilkesdale was awarded first premium for three-year-old stallions at the Dominion exhibition at Sheepshead, P. Q., last year, and Sir Abbott was awarded third premium. The Dominion government appropriated \$50,000 towards this exhibition, and was one of the largest exhibitions of thoroughbred stock in America. Phone 221-3.

CONGRESS MAINTAINS

Its Stand Against President—He Gave
No Good Reason for Increase—Sen-
ators Lodge and Beveridge
Admit Defeat.

Washington, April 24.—Senator Lodge is for four new battleships, but he said yesterday that he does not expect the amendment to that effect will carry. He will not offer the amendment, but will voice the opinion that the United States should have a larger navy. His speech Tuesday, was made as a forerunner for the four-ship campaign which the president's friends are making.

Probably Mr. Lodge will make a point of order against Mr. Hale's committee amendment to bestow actual titles upon staff officers, but to prohibit them from exercising command aboard ships. It is likely this point of order will be sustained and the amendment redrafted to escape the criticism that it is now legislation. Mr. Lodge believes that staff officers should be prohibited from commanding ships and that, therefore, the hospital ship Relief should be put in command of a line officer. He thinks that staff officers should not have the same titles as line officers.

BILL FOR THE MAINE.

Sulzer Again Tries to Stir Up Navy
Department.

Washington, April 24.—In furtherance of his efforts to bring about the raising of the wreck of the Maine, lying in Havana harbor, Mr. Sulzer of New York yesterday introduced a bill directing the secretary of the navy to forthwith prepare and publish proposals requesting bids for the removal of the wreck of the vessel and to have the bodies therein brought to Washington for interment in the national cemetery at Arlington. The contract shall be let to the lowest responsible bidder. The bill further authorizes the president to make the necessary arrangements, if any be necessary for the purpose designated, with the Republic of Cuba. The bill provides the necessary appropriation to carry its purpose into effect.

Washington, April 24.—The House electric boat special investigating committee probed deep today into the communications of certain anonymous communications which have figured in the investigation.

government proposed to pay at least \$1200 per ton for the submarine, "against a reasonable price named by Admiral Bowles of \$745, or \$1,470,200 more than the present bidder said they were worth when he testified before the committee in 1902."

Alfred E. Neff, an official of the Lake Torpedo Boat Company, who has charge of the Washington office of that company, testified that he had prepared the resolution introduced by Mr. Lilley at suggestion of Frederick B. Whitney, formerly clerk of the naval affairs committee of the House. Mr. Neff said he could not account for their identity with the figures occurring in the anonymous communication received by Frank Edinborough in Michigan. Mr. Neff said that Mr. Whitney had access to the typewriters in his office.

"Have you any doubt that the anonymous communication to Edinborough was written on your typewriter?"

"No, I have no doubt whatever. It is as plain as day."

JOSEPH LEITER TO WED CAPITAL GIRL.

His Engagement to Miss Juliette Williams of Washington Announced.

Washington, April 24.—The engagement of Joseph Leiter of Washington and Chicago and Miss Juliette Williams of this city, daughter of Col. and Mrs. J. R. Williams, is announced. The wedding is expected to take place in Washington within a few weeks.

Mr. Leiter is the son of the late L. Z. Leiter. Born in Chicago in 1868, he was graduated from Harvard in 1891. In the autumn of 1897 on the Chicago Board of Trade he was the hero of perhaps the largest and most daring deal in wheat this country ever knew.

Miss Williams was educated in Georgetown convent in Washington, afterward spending four years in Europe. She made her debut last winter at one of the largest teas of the season.

NEW YORK LEGISLATURE ENDS.

An Extra Session, However, It Is Ex-
pected.

Albany, N. Y., April 24.—The 130th session of the New York state legislature adjourned yesterday, but with the confident expectation of returning within a short time for an extra session. There was no attempt to reconstitute either the anti-gambling bills or the bill to extend the jurisdiction of the public service commissions over telegraph and telephone companies, both of whom were hopelessly buried.

To the committee of the Senate which formally notified him that the Senate was ready to adjourn, Governor Hughes said: "I congratulate your honorable body upon the measures of value which have been passed and I regret that other measures which are of great importance to the people of the state have failed of passage. In view of your action with regard to adjournment I have no further recommendations to make at this time."

Just prior to adjournment—which was after 2 o'clock—there was the usual interchange of compliments in both houses, brief speeches by the presiding officers, and gifts being exchanged. There was also the customary display of floral tributes.

Among the important eleventh-hour legislation, the assembly passed, by a party vote, the bill of Senator Cassidy, aimed primarily at New York City.

The assembly adopted, by a vote of 78 to 41, the joint resolution already adopted by the Senate, for a legislative investigation of the finance department of New York City. It becomes at once operative, as it does not require the governor's approval.

Both houses passed the bill of Assemblyman Arnold, which, if approved by the governor, will prevent a liquor seller being put out of business by the erection of a church or school within 200 feet of his place. The vote in the Assembly was 84 to 31, in the Senate 28 to 7.

LAST RITES GIVEN IN AN AMBULANCE.

Priest Called for by Woman Injured in
an Automobile Accident.

New York, April 24.—While an ambulance was speeding towards Gouverneur hospital yesterday, the Rev. Fr. Farrell of the Church of Mercy administered the last rites of his church to Mrs. Annie Bryan, whose skull had been fractured in an automobile accident on Williamsburg bridge.

John Bryan, the son of the injured woman, was running the automobile when the accident occurred. Beside Mrs. Bryan her two daughters and two of her nieces were in the car. According to policemen on the bridge, the car was run off at ordinary speed when the machine swerved and bounced over the six-inch protection for wagon wheels. Young Bryan shut off the power, and the machine had almost stopped when it turned turtle.

All the young people were thrown clear of the machine, escaping with slight bruises. Mrs. Bryan, however, was pinned beneath the automobile. Motormen and conductors of passing cars removed her.

Mrs. Bryan regained consciousness for a few minutes only. It was said at the hospital that she probably would not recover.

ENGINEER STOPPED TRAIN TO ENJOY VISIT FROM WIFE.

Gov. Deneen Among Passengers on Hog
Train Strangely Delayed
in Illinois.

Chicago, April 24.—Gov. Deneen had a hard time getting over the country from Quincy to Pekin while on a speech-making trip, says a despatch to the Tribune from Pekin, Ill. He had to take a hog train to get across to Pekin. The train took its own time about making the trip. A few miles out of Havana it stopped. The passengers craned their necks to see what the trouble was and found the engineer sitting on the tie talking to his wife, who had brought the children along for a visit.

Household matters were discussed at great length. The wife was going shopping and found that she needed more money. The astonished passengers heard a debate whether it was better to paper or whitewash the kitchen this year.

When the passengers began to complain the engineer climbed into his cab and the train proceeded.

Washington, April 24.—Revenue re- ceipts have fallen off so sharply re- cently as to give particular emphasis to Chairman Taft's appeals for economy. This decline has been par- ticularly noticeable in the last ten days and April promises to show a really remarkable deficit. At the close of business Wednesday night the excess of expenditures over receipts for the month to date was \$10,090,323.47, the excess of expenditures for so far in the fiscal year \$45,765,474.52, at the same date in the last fiscal year there was an excess of receipts over expendi- tures of \$54,956,783.66; this makes the difference between the two years over \$100,000,000 to the bad, or to give the revenues and expenditures for the balance of the month run as they have thus far during the progress the deficit for April cannot fall much short of \$12,500,000. These figures reflect the stagnation of the important business and also the diminished consumption of the articles on which internal revenue is collected. Thus far in the month customs receipts have fallen off nearly \$3,000,000 as compared with last year and internal revenue \$2,600,000. Ex- penditures have increased over \$6,000,- 000. The most notable items in the increase of expenditures for the fiscal year to date are civil and miscellane- ous \$17,000,000, navy about \$18,000,- 000 and pensions between \$12,000,000 and \$13,000,000. The available cash balance is beginning to show the strain caused by coincident decline of receipts and increase of expenditures. On the first of April it was \$262,608,190.76, last night it was \$252,217,775.31, a fall- ing off of
